summoning to the Eternal City all the

Superiores of the Sisters of Charity

here, in Buenos Aires, Cordoba and

NATIONAL BANK BRANCHES.

There seems to be nothing growing

faster in the River Plate than the cows,

the sheep, and the National Bank.

Respecting the two former elements of

national wealth, we have constantly

supplied our readers with the latest and

most reliable statistics. As for the Na-

tional Bank, its growth within the last

twelve months has been most astonish-

ing, and we have just received from the

Head Office copies of a circular and new

rules drawn up specially for the

Branches in the Interior. Regarding

the limited space we will not admit of

their publication "in extenso," we have

but to say that the more reading of

these rules gives as a glimpse of the

gigantic banking business in store for

those Branches, starting from the pre-

sent point. Every town in the Interior

will now have money and capital at

its disposal for the development of its

legitimate trade and commerce at the

fastest of banking rates, and with a

90 days amortization of only ten per

cent. Of course, it is not to be sup-

posed that the Bank will lend irres-

ponsible parties; each "Sucursal" has

its Board of Directors, which Board will

easily discriminate between good and

bad paper; the Branches, as a rule, will

only discount when there is property
